Objective

Aspiring Full-Stack Developer: Enthusiastic about designing and developing scalable web applications with a strong focus on front-end and back-end development. Adept at problem-solving, team collaboration, and delivering user-centric software solutions. Committed to continuous learning and staying up-to-date with modern technologies and frameworks.

Education

Ahmedabad Institute of Technology — Sept 2022 – May 2026
- **Course:** BE in Information Technology
- **Coursework:** Computer Architecture, Comparison of Learning Algorithms, Computational Theory

Ramkrushna Vidhyabhavan — March 2022
- **12th Standard (GSEB)** – 60

Ramkrushna Vidhyabhavan — March 2020
- **10th Standard (GSEB)** – 83

Projects

Wanderlust - Travel Experience Sharing Web App — wanderlustapp
- Designed a dynamic travel experience-sharing platform allowing users to create, browse, and review listings based on location.
- Implemented user authentication and authorization using Passport.js for secure login and registration.
- Built using MVC architecture with Node.js, Express.js, MongoDB, and EJS templates for frontend rendering.
- Integrated Mapbox for interactive location-based features.

Personal Expense Tracker — Expense Tracker App
- Developed a user-friendly expense tracking web application using Node.js, Express.js, and MongoDB.
- Implemented features for adding, editing, and deleting expenses with categorized breakdowns.
- Built responsive UI with EJS templates and dynamic data rendering for real-time tracking.
- Integrated CRUD operations with MVC architecture for structured backend logic.

Personal Blogging Platform — Blog Web App
- Developed a responsive blog web application using ReactJS and Appwrite for backend services.
- Implemented user authentication, rich text post creation, and dynamic content rendering.
- Managed post storage, user sessions, and real-time updates via Appwrite's serverless platform.

Skills

Skills Overview — Proficient
- **Languages:** HTML, CSS, JavaScript, Node.js, Python
- **Frameworks & Libraries:** ReactJS, Express.js, Mongoose, EJS, Tailwind CSS, Bootstrap, Framer Motion, shadcn/ui
- **Databases:** MongoDB, SQL
- **Tools & Platforms:** Git, GitHub, RESTful APIs, MVC Architecture, Appwrite, VS Code, Netlify, Render, Vercel

Certifications

- **Google Cloud Facilitator Program** – Google Cloud (2024)
- **IBM SkillBuild Summer Internship in Data Analytics** – IBM (2024)

Portfolio

- Personal Portfolio: https://ghanshyam-hadiya0.vercel.app/
- GitHub Repository: https://github.com/ghanshyamhadiya
- Credly Profile: https://www.credly.com/users/ghanshyam-hadiya

Hobbies

- Reading books on technology and personal development.
- Traveling to explore new places and cultures.
